Any outstanding loan amount and unpaid interest on the loan amount shall be deducted from any amount payable under your Policy. The average of the benchmark

would be taken from the previous financial year for the period 1<sup>st</sup> July to 31<sup>st</sup> Dec. The source of information for 10 year G-Sec rate would be "CCIL". The current applicable rate of interest applicable on the loan policy will be 8.75% per annum for FY 2024-25.

## Surrender

It is advisable to pay premiums for the full premium payment term to enjoy maximum benefits under the policy. The Policy will acquire Surrender Value on payment of premium for first complete policy year and will become payable after completion of first policy year. Thereafter, if you decide not to pay further Premiums, you would have the option to either surrender the Policy or let the Policy continue with reduced benefits in accordance with the conditions mentioned in the Premium Discontinuance section above. If you choose to discontinue your policy, you will be entitled to receive Surrender Value which will be the higher of Guaranteed Surrender Value (GSV), if applicable or Special Surrender Value (SSV) of the policy. Please refer to our website or policy document for details.

The Guaranteed Surrender Value is Y% of total premiums paid (excluding underwriting extras, if any) till date of surrender where Y is as defined below:

## What happens if I am unable to pay premium?

### Before paying premium for the first complete policy year

If the policyholder discontinues the premium payment before paying premium for first complete Policy years, the Policy will lapse at the expiry of the grace period.

A lapse policy can be revived within a period of five years from the date of first unpaid premium and before Maturity Date by paying all due premiums with interest subject to Board Approved Underwriting Policy.

If you decide not to pay any further premiums after paying premium for at least first complete Policy years your Policy will

be converted into a Paid-Up Policy after the expiry of the Grace Period with following reduced benefits.

The benefits payable while the policy is in paid-up state:

**Death Benefit:**

In case of death during the Policy term while the policy is in paid-up status, the following lump sum benefit would be payable.

$T$  (divided by)  $N$  (multiplied by) Death Sum Assured

**Maturity Benefit:**

On survival to maturity, the following benefit would be payable at the end of each year during Payout Period:

$T$  (divided by)  $N$  (multiplied by) Annual Payout

Where:

$T$  = Number of premiums paid under the policy

$N$  = Number of premiums payable under the policy

However, if Premium for first complete Policy Year have been received and complete second policy year's premium is not received, then the Company would pay an amount equal to higher of 15% of Premium paid or Special Surrender Value on subsequent death or on the expiry of revival period or immediately on receiving a written request from the policyholder, whichever is earlier.

Revival of a Policy is available within the policy term up to 5 years from the date of first unpaid premium.

Payment of all unpaid premium with interest is required to revive the Policy in all cases.

Revival of the policy is subject to Board approved underwriting policy.
